

Group control relay WGG5-2-APK

elsner
elektronik

Product information:

The WGG5-2-APK decoupling relay can operate up to two drives as a group. The group control relay comes pre-fitted with motor connection cables (input: STAS-3 connector, outputs: STAK-3 couplings).

Technical specifications:

Housing:	Plastic
Colour:	Grey
Installation:	Surface-mounted
Protection rating:	IP 55
Housing dimensions:	approx. 89 × 53 × 89 (W × H × D, mm, without fixtures)
Weight:	approx. 405 g
Ambient temperature:	Operating -20...+70 °C, Storage -55...+90°C
Operating voltage:	230 V AC / 50 Hz
Control input:	230 V AC / 50 Hz (STAS3 connector)
Outputs:	2 × 230 V AC (STAK3 coupling), 8 A each, tot. max. 500 W
