

LUXOMAT® IR-PD

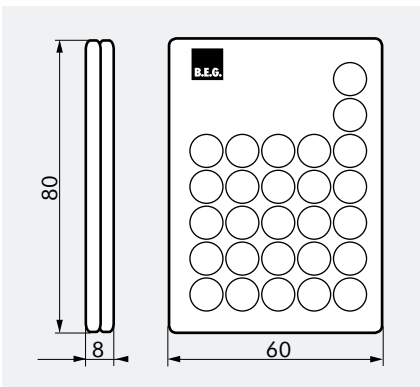

TECHNICAL DATA

- Lithium CR2032 - 3 Volt (inclusive) depending on lighting conditions
- clouded or dark:** 5 to 6 m;
- sunshine:** 2 to 3 m
- L80 x W 60 x H 8 mm

PRODUCT INFORMATION

- Using the LUXOMAT® IR-PD infrared remote control, all settings can be made comfortably from the ground without having the annoyance of setting up ladders. It is suitable for the Master versions of following detectors: LUXOMAT® PD1, PD2, PD4, PD4-Corridor, PD5 and Indoor 180
- The great variety of programs facilitates adapting the motion detector to all individual wishes at any time – even subsequently.
- Additional features like automatically reading-in the current daylight value or the useful 2 sec.-test function are also optionally available with the IR-PD.
- The lights can be switched on or off anytime with just a touch of the button. That means it is not necessary to install an additional light switch.
- Comes complete with a practical wall bracket (dimensions (approx.): 63 x 29 x 19 mm).

PROGRAM FUNCTIONS

	<p>Programmable Opening and closing – also with parental lock and security against sabotage after setting up</p>		<p>Preselected switch on times for control of HVAC (Relay and Channel 2): - Impulse and 5 min. to 120 min.</p>
	<p>Test operation - The surveyed room can be paced out independent of surrounding brightness and can be aligned easily after that.</p>		<p>Reset - Resetting of all functions</p>
	<p>Preselected light values - 20 to 1000 Lux; Recommendation: rooms with daylight 300 Lux, without daylight 1000 Lux</p>		<p>Light OFF - Change between the modes of operation full- and semiautomatic; switch on and off of the motion detector</p>
	<p>Automatic reading and saving of the actual light level</p>		<p>Permanent tamper protection - Permanent inhibition of the detector; only ON- and OFF function on the remote control possible.</p>
	<p>Preselected switch on times for the lighting (Relay and Channel 1): - Impulse and 15 sec. to 30 min.</p>
