Mitsubishi Heavy Industries Air Condition Units AC - KNX Gateway Compatibility List

Mitsubishi Heavy Industries FD & VRF AC KNX Gateway Compatibility List

In this document, the compatibilities of Mitsubishi Heavy Industries air conditioners with ITR830-0004 are described.

Specified models in the document are referred **indoor units**. If the last user wants to operate an AC unit with a model number not specified in this document might not be compatible with ITR830-0004. Models should not be used without checking model compatibility. The user should contact with supplier for this. Moreover, we recommend the users pay attention to the possible updates of the document.

Compatibility Table with Indoor Units

All of the models described in the table below are referred to only indoor units. If there is a model number not specified in this list, please contact us for a compatibility check. Moreover, **xx** means the power of the indoor unit and if there is a “y” at the model codes it shows that ‘y’ could be any character.

<i>Type of Indoor Unit Model</i>	<i>RAC Series</i>	<i>VRF Series</i>	<i>FD Series</i>
Ceiling Cassette 1-Way		FDTQ xx KXE6 y FDTS xx KXE6 y	
Ceiling Cassette 2-Way		FDTW xx KXE6 y
